# Greetings...

FOR *Fall.*

Another year has sailed by and we are still in business struggling with the high cost of many items just like the rest of you. In the first place we want to thank our thousands of customers for the fine orders sent in last year. For if there were **No Orders** then **No Business** and **No Iris**, but there were plenty of orders, in fact our mail man looked pretty much wore out at times. Actually it keeps two or more people (Fern E. Geiser plus one or more others) busy at the office desk and typewriter writing orders and answering letters.

Last year we had a fine growing season: plenty of rain, plenty of Kansas sunshine, plenty of fine big healthy roots. In fact we help nature out somewhat by a system of rotating our planting plots

(with 14 acres and over 2,200 varieties of iris, we have many plots). Sweet clover, alfalfa, wheat and other crops

rotated on the land and with iris, makes for plenty healthy easily acclimated roots. We don't claim to grow the largest roots in the world but we do believe we have the hardiest and best acclimated roots which will do well anywhere!

**BALANCE DOES IT...**

Every year we visit many iris gardens taking Kodachrome pictures. Our slide collection now numbers over 400 slides. **We will gladly loan a group of these slides** (a collection suitable for an evenings showing) to any interested Garden Club. No Rental Charge however we ship COD for postage and insurance charges. Slides must be returned to us by Prepaid Insured Parcel Post and in addition a charge of 25c is made for each slide broken when used. Our collection of slides

was shown last January 22nd in the Royal Horticultural Hall of London, England in addition to being shown to interested Iris Groups there in England. If interested in showing these slides, **write us**. For nearby communities, we also have a lecture service plan—in which Melvin G.

Geiser combines an interesting Iris lecture with a showing of the above mentioned colored slides. Charges are nominal with many **FREE** door prizes given.

Now a word about our show gardens. We don't maintain fancy exhibition plots. We have found that we can spend too much time and money keeping such things up—the cost of which would have to be passed on to you flower lovers. Hence when you come around, bring your hiking shoes (and maybe over-shoes) and an ample lunch for you won't be able to make the rounds all in 10 minutes. In one day last year we had over 1,750 visitors—if you pay us a visit try to come on some day other than Sunday to avoid the crowd.

Many have asked how life runs on an Iris Farm. In the first place there are many long hours—no quitting at 4 PM and starting at 9 A.M. actually this business is closely akin to farming (we were wheat farmers prior to going crazy on our present hobby). During the early spring and summer we like to receive your order early so we can process it ahead of the summer rush. Plant orders unlike other commodities must be placed ahead of plant-

ing time to insure your getting what you want. Then too we offer extra Premiums for early orders—see inside back cover. In addition to writing up your order, we also write labels for each and every plant you order. Every order is given a number and this number also appears on each plant label for later assembling and packing of the individually dug roots. Alice M. Geiser (Mrs. G. W. Geiser) gets in on this job.

We try to make every order a fresh dug order—no machine dug roots as we have found that this injures too many plants. But you people "down South," please don't send us an order in January for immediate delivery—we have snow up here in Kansas and are usually froze up then. However, we did dig one order for 200 roots on January 4th this year during a 1 day thaw and sent them off to an "iris bug" down in Texas. We usually can start digging around March 1st.

Now as to labeling those roots. Some firms dig a quantity of each root and then bring them into an assembly shed where the roots are individually labeled. We have found that this method takes a chance on a root being taken from the wrong basket and thereby being incorrectly labeled, hence we label the plants as we dig them right in the field. Our crew of local high school boys are expert at this job (it keeps us busy supervising the office and the packing shed). Incidentally if you want some permanent labels, we have some very fine ones both aluminum and plastic types. You will find them listed elsewhere in this catalog.

Well, sir after getting those iris dug, we top them right in the field with a pair of those big horse mane shears—do a good job too. Surprisingly enough, we have never been able to tell any difference in "short topped" or "long topped" iris. Hence we cut them medium short to save on boxing and postage (this savings is thereby passed on to you in FREE Premiums—see inside back cover).

Next we dry the roots of the Bearded Iris (other types are damp packed) to prevent their sweating and rotting while enroute to you. Our Kansas sun helps us out here—don't get excited if the tops appear somewhat brown and dry—this in no way impairs their later growth and blooming for you. On trial we have kept iris drying and out of the ground for over a year, planted them and they bloomed.

Packing materials are sky high, hence we use many 2nd hand boxes saved for us by our local town merchants. We try to use excelsior (wood wool) for packing material but have found that dry straw and shredded paper do just as well. Cultural directions are included with every order. George W. Geiser is the "box stuffer".

Finally to get the plants on their way to you we sack them in big mail sacks and rush them to our large mail box using a 3 wheeled stake body motor scooter. One of these days the youngest member of the firm Cherie Jineen will be taking this job over (she was born Nov. 29th, 1948).

Sandwiched in with all this activity, we have to get another patch or two plowed (we try to plow late in the fall so the ground will mellow through the winter). A couple of modern tractors (one large and one small) gets the job done in short order. Proper soil fertilizers added at this time, makes for on ample supply of nutrients available to the plants during their growing season. Phosphate, nitrogen, potash and lime are used.

Then it comes to planting, we use a rotary type garden tractor to thoroughly pulverize the soil and to open a furrow into which the roots are planted by hand (1½ to 2 inches deep for our locality) in rows 37"

wide and about 10" apart in the row. Dwarf iris are planted closer of course. Every variety is labeled and further recorded in a master file kept in the office.

Even then our work is not done for the plants have to be weeded the following spring (after planting in late fall) and throughout the summer. Constant cultivation makes for bigger and more healthy roots all of which are used to fill your orders. From such plantings we shipped over a quarter-million roots last season. Just ask our sweating Postman!!!

Yours for more beautiful iris,

Alice M. Geiser  
Fern E. Geiser

## "Our Specialty Flower"

### Revised Iris Classification

Last year we promised you a listing of our iris grouped according to a Revised Classification of the American Iris Society. Since then we have no further information or classification as to the exact placement of the separate iris varieties in the categories of the Revised Classification. Hence we have used the general groupings of the Revised Classification in this catalogue and have left the individual varieties in the categories as prescribed by the 1939 (and 1942 supplement) Checklist of the American Iris Society.

The **Eupogon Iris** listed in the following pages includes the Dwarf, Intermediate, Tall, and Re-Blooming Iris.

The **Pogon Iris** includes Juno, Oncocyclus, Regelia, Regelio-cyclus, and Reticulata.

The **Apogon Iris** includes the Spuria, Siberian and Miscellaneous Iris sections.

The **Subgeneric Hybrids** includes the section we have listed as Miscellaneous Bearded Iris.

#### Quantity Prices

For extra roots of the same variety only—prices apply to all types iris except the Siberian and Spuria Iris.

Price Each	3 For	6 For	12 For
25c	.45	.85	1.55
30c	.70	1.30	2.50
35c	.85	1.60	3.10
40c	1.00	1.85	3.60
45c	1.15	2.20	4.30
50c	1.30	2.40	4.70
55c	1.40	2.70	5.15
60c	1.50	2.95	5.65
65c	1.60	3.20	6.10
70c	1.70	3.40	6.60

### Iris Descriptions

To conserve space in our catalogue we have resorted to a "code" system of presenting information. Height given in inches follows the name with season of bloom next indicated by letters E-early, M-midseason or L-late. Fragrance denoted by \*. The American Iris Society permanent ratings (based on 100 as perfect) immediately precedes the color description.

Winners of various Iris Society medals are indicated by HM (Honorable Mention), AM (Award of Merit), DM (Dykes Medal), GM (Gold Medal,) and SM (Silver Medal).

(100) in front of a name indicates variety is among the 100 best iris for the year 1949 (see section entitled "Iris Hit Parade" listed elsewhere).

Dykes Medal winners are also indicated by being set in larger size type (also see complete listing of these found elsewhere in this catalog).

### Overseas Novelties

This season we are offering what is believed to be the largest collection of overseas novelties offered by any firm in the country. Through special arrangements with leading growers and hybridizers overseas, we have procured and have growing many of the choicest and unusual sorts. However, since our stocks on many are very limited, we have arranged for the direct importation by

Air Parcel Post of these choice varieties to fill your orders where our stocks are insufficient—these will be shipped separately upon arrival from overseas. All overseas novelties are listed in their respective sections in blackface type.

#### Free Iris Premiums

For complete details see inside back cover of catalog.

#### Iris Collector's Items

For complete listing of the older "antique" iris for which you may be looking, see section "Iris Collector's Items" located at close of "Iris" section.

#### Bargain Collections

See special grouping listed elsewhere.

#### Also Available Items

With over 2,200 varieties of iris growing we find that we cannot list complete descriptions, hence we have done the next best thing. At the bottom of each page in small size print will be found many varieties which are also for sale. However we are very sorry that we cannot allow you to choose FREE Premiums or Free Iris from this group as our stocks are limited.

"Received the iris today and I appreciate the nice rhizomes and thanks for the extras."

Mrs. A. B. W.  
Joplin, Mo.

## Meet The Folks

Above is a snapshot of Mr. and Mrs. G. W. Geiser taken back in 1941. Farther on in this catalog you will find a snapshot of two other members of this firm.

**"IN THE HEART OF THE U.S.A."**

**"World's Largest Collection of Iris Varieties"**

Over 14 acres in iris and some 2,200 Iris varieties in many types and species. Pay us a visit: from Beloit 10 miles South on K-14 and 3 West and  $\frac{3}{4}$  South. Phone 71F21. Stop when enroute to the Portland, Oregon American Iris Society meeting this year.

# Dwarf Bearded Iris

For the rock garden and along the walks, nothing is so charming as these prolific, suitable hardy sorts which bloom from March until the middle of April (and some even later). Due to the increased interest in these Tom Thumb iris and because many of the newer ones challenge the colorful hues of their taller brethren, we offer the ample collection below.

Prices postpaid on all orders of \$2.50 or more — for quantity prices see elsewhere in this catalog.

- Aramis**, 5", E, golden yellow ..... .30  
**Argynnis**, 10", E, gold and purple .. .25

## Intermediate Bearded Iris

### APRIL FLOWERING

This group of iris generally come into bloom after the early dwarf iris and some even bloom late into the tall bearded season. The height on these run from 18" to 28" inclusive as this is the currently used classification of The American Iris Society.

To lengthen your iris blooming season, try some of these — the colors are just as bright as their tall bearded brethren. Prices Postpaid if order totals \$2.50 or more; for quantity prices see elsewhere in this catalog.

- Abelard**, 26", E, prolific bright mahogany to livid brown, HM ..... .25

- Anndelia**, 28", white and violet plicata ..... .25

- Apache**, 24", M, coppery red brown ..... .25

- ★**Apparition**, 28", M, tawny S and contrasting pastel blue, tan bordered F, from Cayeux in France ..... 6.50

- Acheveque**, 24", M grape\*, a French origination in wine red to black, typical grape color and odor; will perfume entire room .... .25

- Challenger**, 28", E, almost black, HM ..... .25

- Cherubin**, 28", E\*, violet flushed buff .... .25

"My iris order came Monday and was very pleased with them. I am sending back the credit coupon with another dollar and have given 2nd choice on them. I have enjoyed your catalogue. I have spent hours looking through it."

Mrs. F. W.

Red Oak, Iowa

- Crysozo**, 26", E, rich yellow, some bloom in the fall, HM ..... .25

- Dalila**, 24", M, locust\*, flesh and cherry edged white, dainty blooms ..... .25

- ★**Daystar**, 26", EM, Table Iris tiny white and cream blooms with tangerine orange beard 1.00

- Doxa**, 18", E, olive, buff and green .. .25

- Elizabeth Huntington**, 18", M, crinkled petaled medium blue, sometimes called Blue Zua ..... .55

- ★**Friscoette**, 26", a miniature San Francisco on wiry graceful stems, a plicata in blue ..... 4.75

- Gay Hussar**, 24", M, variegata in chrome and oxblood red, startling ..... .25

- ★**Gloaming**, 24", velvety russet red, rich gold beard, AM, from England ..... .75

- Golden Bow**, 28", E, chrome yellow, AM HM, ..... .25

- Golden West**, 28", E, metallic yellow, HM ..... .30

- Ingeborg**, 15", E\*, waxy white, AM hardy ..... .25

- ★**Kharput**, 28", E\*, two tones violet, AM, a favorite old timer from Mesopotamia ..... .90

"My fall planted Iris that I ordered from you bloomed. Your plants are sturdier and larger than any I've ever received and I think I've tried ordering from all Iris growers. But from now on when I want Iris, I'll know who has the best plants."  
Muskogee, Okla.

"Received your catalogue a few days ago and have found it to be the best I've ever seen, as to prices, varieties, etc."  
Danville, Illinois

We are proud that for several years we have offered these fine re-blooming iris — iris which in the southern 2-3rds of the country will give two or more crops of lovely bloom. Every year we have picked blooms in the fall until freezing weather sets in.

These iris are hardy as other iris but they should be given a short rest after the spring blooming season then watered heavily to produce the succeeding crop of bloom; divide frequently.

For quantity prices see elsewhere in this catalog.

## FAST, MODERN SERVICE

Yes, we do our utmost to get your orders cut on time. However, you can help lots by sending in your order early. In addition there are FREE. Iris given for early orders—see offer elsewhere in this catalog. We promptly acknowledge all orders which are for shipment at some future date, but all orders which are to be shipped at once, we do not acknowledge.

Around April 1st and July 15th, we have such a backlog (sometimes as many as 1,000) of previously booked orders, that it is impossible to ship currently received orders within 48 of 72 hours—we ship just as soon as possible.

## JOIN A FLOWER SOCIETY

Every true flower lover will enjoy the quarterly bulletins (or yearbooks) published by the separate societies, each containing a wealth of information on their favorite flower. In addition there is the close contact with a group of people inter-

ested in your own hobby. Many of the societies sponsor flower shows, annual meetings or conventions and garden club tours. Annual memberships are as follows:

- ★American Iris Society, Quarterly Bulletins, \$3.50
- ★Iris Society (England), Yearbook, \$2.85
- ★Aust. & New Zealand Iris Society, Quarterly Bulletins, \$2.10
- ★American Peony Society, Quarterly Bulletins, \$3.00
- American Rock Garden Society, Bi-Monthly Bulletins, \$3.50
- American Horticultural Society, Quarterly Bulletins, \$5.00
- ★North American Lily Society, Yearbook, \$3.00

**Membership Offer**—With every \$15.00 order of stock we will pay ½ the cost of any membership above marked with ★. Merely include remittance for your ½ share cost of membership and indicate on your order which membership you desire.

All checks for membership may be made payable to "Fair Chance Farm" and we will forward direct to society concerned.

"The iris, peonies and poppies I ordered last year all in full bloom and are beautiful. Never, have I been more pleased with what I received." Bandon, Oregon

"I wish to advise you that I am very well pleased with the fine healthy Iris rhizomes that you recently sent to me and to also thank you for the generous number of free ones you included. I will certainly let my garden club friends know that the place to buy fine iris is Fair Chance Farm."

J. A. C.

# Tall Bearded Iris

Colors of the Rainbow are reflected in the following selection of choice varieties now obtainable from our acres of Iris. The height range of this group is 30" and upwards. We honestly believe that our extensive collection is the most complete of any grower in the World.

Orders \$2.50 & up POSTPAID; watch for quantity prices listed elsewhere in this catalog. Many other varieties of the older sorts may be found under "Collector's Items" section.

◆ Information for year 1948 not available at time of going to press.

† Includes North Dakota, Minnesota, Wisconsin, Iowa, Nebraska, Kansas, Missouri.

§ Includes Arkansas, Louisiana, Oklahoma, Texas, New Mexico.

"Your roots were "tops" both iris and peonies and I was so thrilled with the free gifts and everything—I felt I should write and tell you how much I appreciated your kind attentions. I can't hardly wait to see what happens when blooming time comes this spring."

Mrs. J. K. H.  
Platte City, Mo.

## NEW BOOK ON IRISES

The American Iris Society has published a book on "IRISES," containing a consensus of opinions and experiences of leading members. Well bound and illustrated, it will be a most useful book for the casual gardener as well as the iris enthusiast. Price of permanent binding is \$2.50 — paper binding \$1.50. This is a book you can't afford to be without and is worth many times the price asked. They also make excellent gifts for your friends. Order direct from us.

### SPACING FOR GROUPS OF IRIS IN THE GARDEN

### SPACING OF IRIS

For planting in your garden, space as above. By having the toes of the iris pointed inward, the clump will grow with an open center allowing full sunlight to enter. If planting in rows, plant tall bearded sorts about 10" to 12" apart and rows about 18" apart.

## World's Largest Collection

*Iris*  
all  
types  
sizes and  
heights

### OVER 2,200 VARIETIES

Yes, sir that's what we have growing in our collection as found on Fair Chance Farm. We've been gathering them from all corners of the U.S.A. and the world trying to make ours the most representative collection as found anywhere. Pay us a visit and see for yourself the beauty of the Iris.

From North, South, East and West come the orders to Fair Chance Farm for quality Iris from the World's Largest Collection of varieties. Join the others and give us a trial and convince yourself of the hardiness of our plants.

"Thank you for the excellent iris rhizomes with which you filled my order. . . The free ones are surely appreciated."  
Mrs. M. E. H.  
Galt, Mo.

# Miscellaneous Bearded Iris

(Eupogocyclus, Eupogoregelia, & Misc.)

There is always something new under the sun and particularly in iris. In this group are found the results of crossing two distinct races of Irises to produce heavily veined and netted or marked petals. Through involved breeding and crossing of "Eupogon" and "Pogon" iris we have the "Oncobreds," the "Mohr" family, and many other oddities all of which are perfectly hardy.

These like a dry, sunny location and we have found each one winter hardy if the newly set plants are lightly covered in the late fall. Complete cultural directions furnished with each order.

For quantity prices see elsewhere in this catalog; prices postpaid on Iris orders of \$2.50 or more. ★ Indicates limited stock items not available as free premiums.

**Balroudour, 12", E, "Z" shaped foliage, lilac blue splashed black and ox-blood ..... .25**

## Visit Our Iris Fields

### Middle Of May

### Peak Of Bloom

Visitors galore, yes sir, over 1,750 visitors tramped through the iris field paths on one Sunday last May. So many came in cars that it took 4 men to direct traffic.

The peak iris bloom is usually around May 15th to 25th, depending on the season. Of course we have some iris starting to bloom about the middle of March, and other varieties coming on through the month of April, until the Iris symphony reaches its crescendo in mid-May. Even late in the fall one can see the re-blooming iris out in full color until the frosts come.

As an added attraction, we have many peonies out in full bloom during the last week of May. Oriental Poppies and other families of iris may also be seen in bloom, including the increasingly popular *Spuria* Iris.

We are located 10 3-4 miles south of Beloit on K-14 and 3 west.

# Pogon Iris

(Juno, Oncocyclus, Regelia, Regeliocyclus, & Reticulata)

Of all the types of iris we have ever grown, none are so rare or so beautiful as those found below. Natives of Palestine and the Asia Minor section, they have now become available for the first time since the war.

Orchid-like, freakish colored, and very scarce they are easy to grow if our cultural directions are followed. They must be given the very best will drained, driest location and are planted very late in the fall. Hence our shipments are not made until November or December so that they will not make too much growth and be frozen.

As we do not have sufficient stock on some of these sorts, additional roots will be imported direct from abroad. ★ Marked items, limited stock and not available as free premiums.

When cut in bud these flowers unfold beautifully in water. For something different try these.

## SPECIES ARE LISTED IN *Italics*

## Spuria Iris

The unexcelled cut flower of the Iris family. With leaves resembling the Siberian Iris but much coarser and roots resembling a rooster spur, they form spikes of blooms not unlike gladiolus. They flower right after the peonies.

Shipped late in September and October or very early spring; cultural directions furnished.

Orders from this section must total \$2.50 or more to be Postpaid (otherwise add 25c for postage) unless other items are ordered to be shipped at the same time.

- Kochii**, 26", E\*, bearded species in red purple, AM ..... .30
- ★**Reichenbacii**, 4", E, dwarf bearded species from Balkans, light yellow .35

## New Customer Offer

### Free Iris Prizes

No, we're not crazy when we say **FREE IRIS** for New Customers. In order to spread the beauty of the Iris—Goddess of the Rainbow—we are offering **FREE Iris** equal to 20 per cent of the value of each new customer's order. Here's the way the plan works.

1. You as an iris enthusiast and having received our catalog, send us a \$2.50 minimum Iris order.

2. Enclose in your letter a \$2.50 minimum order from a neighbor of yours who is not on our mailing list and who has never received our catalog (place this order on a separate sheet of paper from your own so we can ship separately directly to your neighbor).

3. When we ship you your order, we will send you as an additional gift (in addition to regularly given premiums) Free Iris of our selection equal to 20 per cent of your neighbor's order. Example: Your neighbor orders \$5.00 worth of stock—you get a \$1.00 iris absolutely FREE. Your neighbor orders \$8.00 worth, then you would get \$1.60 worth of iris, etc.

4. Both you and your neighbor get regularly given premiums for orders received, based on size of order.

O. K. lets GO! But remember, positively no special premiums unless rules above are followed.

# Iris Collector's Items

We have discontinued the propagation of the following well known varieties. When sold out they will no longer be stocked. So hurry, hurry for in all probability you will never again be able to secure these sorts in as much as we have been the only firm in the country carrying the majority of these varieties, they will be permanently "out of commerce" once we are sold out. **Please include 2nd and 3rd choice when ordering.**

**Prices POSTPAID on all orders of \$2.50 or more.**  
Prices on all varieties: **3 roots of one variety for 35c, or 10 roots (of 1 variety) for \$1.00**

**Note:** Extra FREE Iris Premiums not given on that portion of your order ordered from this section. (sorry but prices on these iris are already heavily discounted being about ½ what other firms ask for them).

 Xenophon, blue  
 Yvonne Pelletier, blue  
 Zada, white  
 Zouave, plicata

**NOTE:** Since we furnish roots of above varieties from old established clumps, the individual rhizomes will not be quite as large as divisions from young plantings. However, this in no way impairs their growing ability and their blooming in your garden. Usual Guarantee (see inside back cover) still applies to these iris.

## We're Puzzled!

Yes sir! We're really puzzled many times for we receive orders for iris and nary a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

Please give complete name and address with every order, please!

"My iris came in fine condition and what a surprise! When I saw the three fine ones you sent me as a present. . . all the rhizomes were such large ones. . . I am so well pleased with my order and will certainly recommend your iris to any and all."

Mrs. F. J.  
 Bristow, Okla.

"This is to acknowledge I received the iris. They are the largest and nicest rhizomes I have ever received from any nursery."

Mrs. R. S.  
 Colony, Kansas

## Shipments To Three Continents

No distance is too great for shipments of IRIS. This past season we have shipped iris to individuals in England, France, Holland, Union of S. Africa, New Zealand, Australia and Alaska.

Some of the shipments go out by regular Parcel Post channels while others by fast Air Parcel Post (a lb. package to Union of S. Africa costs \$4.13). In addition these shipments must be carefully packed and doubly inspected for any disease or insects which might by chance adhere to the roots.

Sometimes the roots have to be enroute over 30 days, hence we have to dig the roots and dry them slowly for about 20 days prior to our packing them for shipment. We have had one instance of a shipment of iris having traveled 3 times across the Atlantic before they reached their proper destination, yet they still bloomed in June of this past season. IRIS ARE HARDY.

We have customers in every state; our plants do well anywhere. Since we are located in the "wheat belt" of an extremely long growing season we have shipped plants from earliest spring until the ground freezes. Every plant we sell is grown naturally and hand dug. A trial order will convince you of their quality and hardiness.

# Rainbow Collections

Brilliant colors rivaling those of nature's Rainbow—that is what you find in each of these outstanding collections. **Order** any of them **by number**—all are **POST-PAID**. We are not listing a large number of collections, for we believe you will be better satisfied in making your own and taking advantage of our liberal **FREE Premium** offer as found on inside back cover. **Every collection worth two to three times more than the price asked.**

(★Note: That portion of your order made up of collections is not subject to additional Free Premiums, as collections are already heavily discounted.)

## No. 1—Little Dwarf

Ten, just think of it, **TEN** named, labeled midget dwarf iris, our selection, no two alike for the low price of only **\$1.00**

## No. 2—Easter Candle

**Eight** early April blooming Intermediate Iris, our selection, named and labeled—have some iris in bloom when others don't ..... **\$1.00**

Yellow .....	20 for \$1.60
Mixed, all colors .....	30 for \$1.50

"O'er water-daisies, and  
wild waifs of Spring,  
There where the Iris  
rears its gold-  
crowned sheaf  
With flowering rush  
and sceptered arrow  
leaf,  
So have I marked  
Queen Dian, in bright  
ring  
Of cloud above and  
wave below, take  
wing  
And chase night's  
gloom, as thou the  
Spirit's grief"  
—Rossetti: Gracious  
Moonlight

# Chrysanthemums

You can't go wrong with these late blooming flowers. Each variety has been tested for extreme hardiness and early blooming qualities. Strong field grown divisions or 2½" potted plants furnished. Shipment early spring and late fall. Orders \$2.50 and over POSTPAID.

## Iris Farm Location

# Lilium

## HARDY GARDEN LILIES

Few flowers bring the exotic and unusual beauty as do the lilies. Not the easiest of flowers to grow, they challenge the gardener's originally and skill but when well grown they are unsurpassed in beauty. The varieties listed below are very hardy when grown according to planting instructions furnished. Coming from Europe, Asia, and various sections of America they bring a different grace, loveliness, charm and color not found elsewhere.

Bulbs of varieties ripen at different times hence they will be shipped separately at the proper planting seasons. Only top blooming size bulbs furnished (5" in circumference and up), but please remember that not all varieties have the same size bulbs. Time of flowering indicated after name and height.

**Amabile** (Turk's Cap), 36", June bright grenadine-red spotted black for full sun in dry locations, from Korea .. .65

**Amabile Lueteum**, 36", June, bright yellow and slightly later than Amabile .. .1.00

**Umbellatum Incomparabile**, 30", dark carmine-red, erect stemmed .. .50

**Umbellatum Refulgence**, 24", large orange red .. .60

# Oriental Poppies

These perennial poppies which may now be had in soft pastel shades far surpass the older annual sorts for brilliance of color. For a bold landscape effect and for use as a cut flower, you will find these Oriental Poppies fast coming into prominence.

Easily grown in any well drained soil for either single or mass planting. Their freedom of bloom render them conspicuous in any location.

Approximate height given in inches and diameter of bloom shown by letters, S, M, or L, meaning small, medium or large. Orders filled only between August 20th and October 15th as we ship only field grown roots — no pot plants. Positively no spring shipments.

**Postpaid Prices if Poppy order totals \$2.00 or more, otherwise include 25c for postage.**

<b>Allumeuse</b> , deep flaming pink .....	1.50
<b>Australia</b> , 42", L, 6 petaled waxy rigid stemmed spectrum red .....	1.25

**MIXED COLORS**  
**(Not Labeled)**

From our wide selection of varieties above, sure to please you. Sorry, no choice of color.

**Only**  
**35c each**

Photo: Dietrick, Des Moines, Iowa

May we introduce two members of the firm—Mr. and Mrs. Melvin G. Geiser. The above photo was snapped in Nashville, Tenn., in one of the lovely iris gardens found there, while Mr. and Mrs. Geiser were attending the American Iris Society convention in May 1948.

**HOLD EVERYTHING ! !**

**PERMANENT  
LABELS  
FOR YOUR  
PLANTS**

At last we have found an economical, satisfactory label which you can use to keep a permanent record of the fine Iris which you purchase. Made of aluminum foil, the name surface measures 1" x 11" with a slit at one end through which the opposite end may be inserted and thereby attaching label to wire or stake. See rough sketch below.

We will be glad to make up a label for each variety of iris you order, with name of iris inscribed on label in waterproof crayon—price is 3c per label ordered; be sure to specify varieties for which you desire labels prepared. If you want labels without names inscribed thereon, price is 1½c per label—waterproof crayons 10c each; all prices POST PAID.

# Peonies

## FOR DECORATION DAY

Unsurpassed as cut flowers these fine perennials can also be used for landscape purposes. Grow your own peony blooms—why buy them? Season of bloom indicated by E—early, M—midseason, or L—late; fragrance by\*. Number immediately preceding color description is the American Peony Society rating based on 100 as a perfect flower.

Shipments begin Sept. 20th—shipments made in spring until about April 1st.

Minimum Peony order accepted \$2.50—Prices POSTPAID. Strong 3 to 5 eye, disease free, hand-dug roots furnished.

We can also furnish many other varieties not listed—write for prices.

partly single but they have a double row of  
petals and bear no pollen; an excellent cut  
flower type. Perfectly hardy.

**Ama-No-Sode, M, 92,** rose-pink .... **2.00**

## Winners of Iris Dykes Memorial Medal

Due to the many inquiries we have had regarding the Iris Dykes Medal Winners of the past years, we offer the information given below assembled from bulletins of the American Iris Society.

All varieties, except two (Margot Holmes—not hardy with us, and Olympia—not able to locate this variety,) are now available and will be found priced elsewhere in this catalog.

The Dykes Memorial Medal, instituted in 1926 to commemorate the work of the late W. R. Dykes in "advancing appreciation of the iris," has been awarded to outstanding varieties in England, France, and America. The method of choosing a Dykes Medal Winner in England is quite different from the system followed by the American Iris Society for the American award. In England the medal is awarded to a new seedling, while here it is chosen from Award of Merit winners of a three-year period. The following awards have been made to late (where no variety is listed, no award has been made in that year):

Year	America	England	France
1927	San Francisco	Margot Holmes	
1928			
1929	Dauntless	Joyance	Pluie D' Or
1930		G. P. Baker	Vert Galant
1931		Gudrun	Depute Nombolt
1932	Rameses		Jean Cayeux
1933	Coralie		Eclador
1934		Golden Hind	Alice Harding
1935	Sierra Blue	Sahara	Mme. Louis Aureau
1936	Mary Geddes		Mme. M. Lassailly
1937	Missouri		Olympia
1938	Copper Lustre		Nicole Lassailly
1939	Rosy Wings		Antigone
1940	Wabash	White City	
1941	The Red Douglas	Mabel Chadburn	
1942	Great Lakes		
1943	Prairie Sunset		
1944	Spun Gold		
1945	Elmohr		
1946			
1947	Chivalry		
1948	Ola Kala

# Terms Of Sale

## Please Read Carefully

**GENERAL:** This price list cancels all previous listings and is subject to change without notice. Special quotations to legitimate dealers and nurserymen on request stating want list of varieties or colors desired.

**TYPE OF ROOTS:** Plants are vigorous and acclimated to this section assuring their success in any garden. Only disease free STATE INSPECTED non-irrigated First Class plants sold. However, please remember that not all varieties have giant size roots. Some of the Pogon Iris have only small pencil-size roots.

**SUBSTITUTIONS:** When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

**GUARANTEE:** All stock guaranteed true to name, of the finest quality and to reach you in a live and growing condition. Claims must be presented within 10 days after receipt of stock and plants returned to us at our expense. Full refund (or replacement) will be given including return charges.

As an additional protection for you, we guarantee our stock to grow in your garden or replacement will be made at ½ current catalog price Postage Prepaid. Claims limited to 6 months from date of shipment. Guarantee does not apply to Eupogon (Bearded) Iris shipped in the spring.

**TERMS:** Cash with Order. Orders \$2.50 and over, shipped POSTPAID anywhere in the United States. Add 25c extra for orders less than \$2.50. All COD orders shipped COD for postage and all value charges.

**Foreign Customers:** Minimum order \$5.00. Secure import permit if required by your country.

**Canada**—add 10% to cover special handling and postage.

**Other Countries**—add 20% to cover special handling and postage; amount not actually used will be applied against extra roots. Be sure to place order early as roots have to be dried 30 days prior to packing and delivery takes from 30 to 60 days additional. Damp packed items should be shipped by Air Parcel Post—inquire as to shipping charges prior to ordering.

**Residents of Kansas:** Include 2% State Sales Tax on all orders.

**MINIMUM ORDERS ACCEPTED**—certain plants must be packed and shipped separately. See paragraph headings of each section where applicable.

**TIME OF SHIPMENT:** Orders filled in rotation received as follows—Eupogon & Pogon Iris—July 15th until ground freezes. Spring until about April 10th.

Siberian, Spuria & Misc. Iris—Fall beginning Sept. 15th; spring until about April 10th.

Poppies—August 20th to October 20th.

Other Items—Late fall and early spring.

**EARLY ORDER PREMIUM:** If we receive your order (for any items included in our catalog) before dates listed below you may select additional FREE IRIS from the sorts that do not have a ★ in front of name—

Orders received by May 15th: Select 10% extra.

Orders received by June 15th: Select 5% extra.

**FREE IRIS:** Here is the most sensational offer ever made!! Special FREE IRIS premiums (from the sorts that do not have an ★ in front of the name) are given on large orders. Here is the way it works. Figure up the total of all items (1 of a variety) ordered at the each rate (we cannot give further discount on that portion of your order made up of collections, 2 or more roots of the same variety, or mixed unnamed plants, as these items are already heavily discounted). Then select your Premium as follows:

Each Rate orders \$5.00 to \$10.00 select 20% FREE Iris

\$10.01 to \$20.00 select 25% FREE Iris

\$20.01 to \$30.00 select 30% FREE Iris

\$30.01 to \$40.00 select 40% FREE Iris

\$40.01 to \$50.00 select 45% FREE Iris

\$50.01 to \$75.00 select 50% FREE Iris

\$75.01 to 100.00 select 60% FREE Iris

\$100.01 and up select 70% FREE Iris

Remember, Iris may be selected only from the sorts without a ★ in front of name. Be sure to include several acceptable substitutes in case we are sold out of some variety, otherwise we do our best to select something suitable.
